FDA CE TGA

Three Wavelengths

As an integrated solution, Supreme-ICE-KK-1200 combines the benefits of all 3 wavelengths, achieving excellent results to any mono-wavelength approach on its own

755

The 755nm wavelength is ideal for all hair types and colors and is effective for superficial hair

808

The 808nm wavelength has moderate melanin absorption making it safe for dark skin

1064

The 1064nm wavelength provides the extra thermal energy for more effective results

Facial Tip Improved Reach Easily treat areas that are normally hard to reach, including the ears, nostrils, glabella, hair line and beard shape

Combining 3 laser wavelengths into a single innovative handpiece, simultaneously targeting different tissue depths as well as anatomical structures within the hair follicle. By combining the absorption and penetration levels of three different wavelengths, along with the treatment coverage, comfort and low maintenance of the diode laser, Supreme-ICE-KK-1200 Platinum achieves the safest and most comprehensive hair removal treatment available today.

Advantage

High effective and
Comfortable and Fast

All skin types
even tanned skin

3 combined wavelengths
covering the optimal
treatment spectrum

Painless and Safe

Three in one
Cooling system

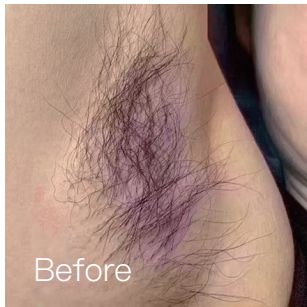

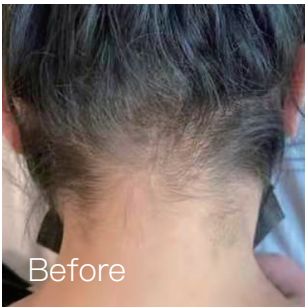

Easy to sell
and Maintaince

BEFORE AND AFTER

Specification

Model name	SupremelCE-KK-1200
Laser type	Diode Laser
Wavelength	755nm+808nm+1064nm
Laser Power	1200W
Energy density	3-220J/cm ²
Pulse Width	5-300ms
Energy deviation	±10%
Spot Size	12mm*23mm
Frequency	1-10Hz
Cooling System	TEC+Water cooling+ air cooling
Screen size	10.4 inches
Package dimension	96*46*126cm
Power supply	AC110/220V±10%, 50Hz-60Hz

BEIJING Honkon technologies Co.ltd. Backed by our own R&D, production and marketing services systems, since 1998, has been one of the most professional medical&aesthetic equipment manufacturer of CO₂ fractional laser.

Picosecond laser, Q-switched Nd:YAG laser, diode laser, IPL, radio frequency, HIFU, slimming, cryolipolysis, water&oxygen equipment and other latest technologies. With nearly 25 series of products. HONKON Has gradually attained a leading position in the aesthetics industry.

HONKON GROUP is the leading medical&aesthetic equipment supplier for global market, also has monopolized the medical beauty industry market in China.
